LEARNING FOR LIFE PROGRAMME (LLP):

Leading with A Heart

Like the human body, Newtowners' leadership begins with the heart.

Our students start with personal mastery and progress to peer mastery and team mastery.

In lower secondary, our students learn self-mastery and self-discipline. They participate in leadership training with the focus on engaging the heart as the foundation of leadership.

In upper secondary, our students are empowered to lead, plan and implement service learning projects. Demonstrating team mastery, our students decide how they want to contribute to the larger community.

In New Town, there is no shortage of leadership opportunities from appointment holders in the Student Council, CCAs and Class Committees to Peer Support Leaders

(PSLs). Imbued with the mission to support the school's character education and having developed in personal mastery, our PSLs are trained to be alert to changes in their friends' behaviours and to recognise common signs of distress while our Student Councillors are trained in their leadership competencies to lead the school in various events like the Secondary One Orientation and the Teachers

There is no shortage of leadership opportunities in New Town

Day Concert.

To lead is to have a voice. During the morning assembly, the school comes together to celebrate inspirational stories of leadership. Newtowners take the stage weekly to share their leadership experiences. Our student leaders thus become more confident and compassionate to lead, serve and excel.

Sharing stories on school values and leadership

“ To me, leadership is all about nurturing, motivating and inspiring others to be the best version of ourselves while working as a team, a leader is one who fuses different ideas together and help the team to succeed ”
